

Major Donor Threshold Increase

Bill Proposal:

Increase the \$10,000 threshold in section 82013 (c), which renders a contributor a major donor, to \$25,000. This proposal originated as part of the Commission's Strategic Plan discussion.

Problem:

Under current law, persons making contributions totaling \$10,000 or more are deemed to be committees, imposing certain reporting requirements on this class of non-recipient committee ranging from late contribution reports to semi-annual filing obligations¹. Typically, these "major donors" are individuals or corporations.

Because the threshold is \$10,000, a single contribution to a candidate for governor at the contribution-limit level of \$22,300, or primary and general contributions to other statewide candidates at the \$5,600 limit, will trigger the status of committee with all the commensurate filing obligations. Although candidates are required to provide notices to their donors of \$5,000 or more that they may be or become major donors, this does not always happen. Even those major donors who are notified sometimes fail to file the reports, leading to a considerable enforcement workload that has justified creation of the Major Donor Streamline Enforcement Program.

How this bill would solve the problem:

By increasing the threshold to \$25,000, this bill would reduce the number of less sophisticated contributors who may become subject to major donor enforcement action simply because they are unaware of the requirement. The \$25,000 level was selected to ensure that a single contribution to a candidate for governor will not by itself make a contributor a major donor committee.

Fiscal impact:

It is estimated that this change will result in a minor, but helpful, savings in staff time currently spent on major donor enforcement that can be shifted to other enforcement functions.

Language:

82013. "Committee" means any person or combination of persons who directly or indirectly does any of the following:

- (a) Receives contributions totaling one thousand dollars (\$1,000) or more in a calendar year.
- (b) Makes independent expenditures totaling one thousand dollars (\$1,000) or more in a calendar year; or
- (c) Makes contributions totaling ~~ten~~ *twenty-five* thousand dollars (~~\$10,000~~) (\$25,000) or more in a calendar year to or at the behest of candidates or committees.

A person or combination of persons that becomes a committee shall retain its status as a committee until such time as that status is terminated pursuant to Section 84214.
